Subject: Passage of Senate Bill 1129

To whom it may concern,

I would like to encourage passage of Senate Bill 1129 that will add manslaughter, persistent dangerous felons and sex offenders, aggravated sexual assault of a minor, and assault of pregnant woman resulting in loss of fetus as crimes for which a person cannot earn risk reduction credits, in order too reform the state early prison release program.

I feel as though this will help keep our communities safe.

Thanks,

Wayne Blackman
